### **Oracle Keynote - Topic TBD**

More details to come.

### **What You Need to Know About Year End Payroll Tax Updates**

This session will provide an overview of the year end process in PeopleSoft Payroll, as well as new tax requirements for 2013. It will include an overview of the tables, processes, and reports that are delivered in the product, as well as a discussion of W-2 and 1099-R reporting. Changes for 2013 year-end reporting will be discussed, including new federal and state requirements.

Also included will be methods to simplify the year-end process, as well as what will be delivered on the tax updates planned for the year-end time period.

Presented by: Oracle
